

Morvern Resilience Meeting Notes 28th April

Present: Angus Robertson, Alasdair Firth, Kenny McLaughlin, Peter Boylan (chair MCT), Annie Tordoff, Jane Stuart-Smith, Sarah Jones

Apologies: Morven Gemmill

1. Resilience Funds - Update AR.
 - a. AR gave overview of resilience monies to date. £20k flexible funding received from HIE. Peter Boylan reiterated MCT support - no additional funds required at present but all agreed that funds may be required in the future and MCC, MCDC and MCT will work together to ensure maximum benefit from any available funds. Discussion held around supporting partnership working with Ardgour and Sunart which we would do where appropriate.
 - b. LA stores reimbursed for additional expenses. Drimnin deliveries yet to be reimbursed.
 - c. Skip suggested since many residents are tidying - AR to investigate supplier for biggest standard size skip. Need to ensure areas are kept tidy. Lochaline site discussed - against wall on West Pier. AF to check site at Drimnin and send photo to AR.
 - d. KM shared Sunart weekly meal system and will find out more to see if applicable/ possible in Morvern.
2. Newsletter - draft shared and to go to KM for printing. Resilience group and volunteers to deliver. Copies to be available for the shop to include in delivery boxes.
3. Thanks again to Lochaline Stores and to Davy Shaw for continuing to deliver to Drimnin.
4. Community Support Update - all going well. Call volumes are currently low but all systems in place if more support is required. High Viz vests to be collected this weekend.
5. Broadband - 1 x dongle and SIM card received to test. KM to test and pass on to surgery. 2 more to be ordered. Satellite service currently being explored. Update from Kitty - meeting offered by senior BT staff x 4 on 18th May following recent correspondence. MCC to facilitate.
