

Expression of Interest

MCDC is now ready to let the first floor space in the newly built Morvern Community Hub.

We have three lettable spaces of varying sizes and prices. They will all come with super fast broadband and shared kitchenette/toilet facilities.

The rents and lease details have been drawn up and we welcome anyone with an interest in one of these spaces to get in touch.

Ideally these rooms lend themselves to office spaces but MCDC would consider anything that would enhance the services available in the community and support enterprise throughout the village. Some ideas for the use of space may include permanent offices, hot desk offices that MCDC will manage, an opportunity for a craft/retail shop or a community crafts cooperative and many more.

If you are interested, then please get in touch with Lilia on development@morvern.org

MCDC are on hand to support an independent business or a company to make their home in the new hub.
